Buceo Anilao Beach and Dive Resort is located on a small and quiet Peninsula, commonly called by the locals "Anilao", 120km south of the capital, Manila.

Buceo Anilao is located a convenient 2.5 hour drive by car from Manila International Airport. No need for a ferry or flight – transfers are possible 24/7. We offer 10 Deluxe and 4 Superior rooms, all with Sea and Sunset view. Plus 3 Standard rooms.

With over 50 dive sites, Anilao offers an amazing range of underwater marine life. Macro enthusiasts and photographers will be marveled by its biodiversity.

Marine life, such as nudibranchs, pygmy seahorse, frogfish, octopus, cuttlefish and many more can be found here. But Anilao also takes pride in its colorful reefs and spectacular underwater landscapes

We have the closest location to the best macro and muck dive sites and our house reef is spectacular! Some call Anilao the Nudibranch capital of the world with over 600 different species and still growing. We also have rare critters like the Mandarin Fish, Harlequin Shrimp, Lembeh Sea Dragon, Blue Ringed Octopus, Rhinopias and many more.

Last but not the least, our guests love our sophisticated camera room with 18 individual work stations complete with power sockets and air guns.

And to top everything off, at the top of the resort we have a spa for relaxing massages with a beautiful view of the sea and the sunset.

Welcoming guests since 1993, Dive Solana is more than just a leisure resort – it is a nature sanctuary easily accessible via a 2.5-3hour drive from Makati City.

Solana translates as "a place in the sun" where, regardless of the weather, guests are warmly welcome to enjoy respites by the sea. Nestled in the hilly, coastal peninsula of Anilao, Batangas, Dive Solana Resort provides generous space, salt air, calming sounds of the waves, and thick flora to relax mind and spirit.

To energize the senses, one can go swimming, snorkeling, island hopping and, in particular, SCUBA diving – always a special experience in viewing the abundance of exotic reef life for which Anilao is internationally known. There are nearby islands to explore and dozens of various dive sites ranging from easy garden slopes to challenging walls and "bajuras" or reefs. Above or underwater, one is pampered and stimulated by the bountiful sights and sounds of a tropical marine environment.

Come alone, with a buddy, or better yet, come with the whole family! SOLANA is child-friendly and has a wide range of recreational activities for all. Enjoy kayaking, snorkelling, or free diving just in front of the resort. Go on an island hopping trip or hike up Mt. Gulugod Baboy. Facilities and services for weddings, company excursions, seminars, conventions and other group activities can also be arranged.

Equally enjoyable is to simply lounge by the pool or in our spacious beachfront, sipping a cool, freshly squeezed fruit juice – with or without a book. Observing wave patterns and the islands beyond or gazing at gorgeous sunsets and luminous moonsets are magic moments of quiet contemplation.

In our dining cabana, we like our guests to have their fill of food for both body and soul. "Eat-as-much-a-you-like" buffet meals are served to satisfy cravings for Eastern and Western cuisine, enjoyed with the fresh sea breeze and a view of thesea and sky. Special diet needs and preferences can be addressed with advance requests.

Malapascua Island is the only place in the world where the magnificent thresher shark can be seen up close and daily. It also boasts some of the best and most varied diving in the Philippines: guaranteed whitetip sharks as well as other sharks and large rays; wrecks and reefs; wall dives and muck dives; beautiful coral gardens, mating mandarin fish, frogfish, seahorses, nudibranchs galore, and amazing macro.

Thresher Shark Divers were the pioneers of diving on Malapascua, established 2004. They are the premier dive center on the island and the only PADI 5 Star CDC; run by experienced professionals who strive to offer only the best service.

They run up to 5 dives every day of the year in small groups in a fun environment! With 15 years experience on Malapascua and Divemasters with 5,000+ dives locally, you will not be in better hands. They also offer a full range of PADI courses including Instructor and Technical with one of the most active dive internship programs in the country.

They can arrange your whole trip excluding flights. They partner with a range of resorts to suit all budgets, and can even add-on trips to other Philippines destinations.

Magic Resorts has two resorts: Magic Island in Moalboal, Cebu and Magic Oceans in Anda, Bohol. The first resort, Magic Island was opened on January 2, 2005 in Moalboal, Cebu, with 5 bungalows and 1 boat. Over the years, Magic Island expanded and has now 10 bungalows, a pool, 3 boats, a dive center, a restaurant, a bar and massage area. Personal' and 'eye for details' are the key words of Magic Island, but the best asset is the team. The people that started this amazing adventure with us 12 years ago are still with Magic Island and know the values inside out. Of course, during the years more people joined the team and now, 33 employees are ready to serve you.

In 2013 it was time to expand due to a still growing number of guests. An amazing dive area was found at Anda on Bohol and the owners fell in love with the diving and the island of Bohol. After 1 ½ year of construction the tropical boutique resort Magic Oceans opened its doors on July 1, 2015, with lush gardens with a million flowers that attract birds and butterflies all year round. In total the resort has 16 bungalows of which 11 are around the pool and 5 are at the sea front. 3 big banka boats are ready to take you to breath-taking dive sites with names like Nudibranch Heaven, Pygmye House, Wonder Wall, etc. Because of the new 40-meter long pier, it's easy to get on and off the boats. A brand-new and luxurious spa is about to open soon to offer some relaxation between the dives. On top of that, several different daytrips can be arranged to explore the beautiful island of Bohol. The hidden paradise Magic Oceans has no neighbours and Anda has very little dive operations jet, so seeing divers who don't belong to your group is a rare site!
